

BC3 Celebrates 50 Years

3/3/2015

Butler County Community College is celebrating 50 years of being Pioneer Proud.

BC3 President Nick Neupauer was one of the speakers at the Tuesday afternoon event at the Succop Theater and Cultural Center.

Students, faculty and invited guests were treated to a video presentation and remarks from speakers representing the past 6 decades at the college.

Even though the college could not have been formed without the support of the County, Neupauer made it clear who the school sees as its most crucial supporters.

Current County Commissioners Dale Pinkerton and Jim Eckstein attended the event and issued a proclamation marking the important milestone.
