

# HOPE IS DOPE: ACHIEVING CHEMICAL BALANCE

## 4-Hour Professional Training for:

- Community Members
- Veterans
- Social Workers/Counselors
- County Employees
- Recovery and Peer Support Specialists

CEU credits  
available for  
licensed  
professionals.

## About the Training

This FREE professional training brings awareness to an alternative approach to the understanding, treatment, and successful recovery from addiction. Participants will learn the science of addiction and the recovery process, and how being an informed recovery supporter can reduce stigma. This class is facilitated by author and LPC, Steve Treu.
