

Driver/Operator Pumper Proboard & IFSAC Certification Pathway

NOTE: For Skill Stations A, B, and C there are equivalencies that meet the competency criteria within these skill stations and will be accepted as successful completion of the stations. The following documentation is required:

- **Skill Station A** Preventative Maintenance: Valid CDL with no restrictions (Must have Tank and Air Brake Endorsement)
- **Skill Station B** Driving, Public Roadway: Valid CDL with no restrictions (Must have Tank and Air Brake Endorsement)
- **Skill Station C** Obstruction Navigation: Valid CDL with no restrictions (Must have Tank and Air Brake Endorsement) OR PSFA EVOT/EVDT/EVOC course, 16-hour (An EVOT OR EVDT certificate MUST indicate Pumper)

See Driver/Operator Candidate Handbook for more details.

For more information on certification including applications, handbooks, classes and registration visit: www.bc3.edu/fire.
