- 7. Your computer may ask you to allow you to install the software by entering your password for your computer. Enter your password and click **Install Software**. You will receive an Installation successful message. Click **Close**.
- Next, go to Finder → Applications and find the LockDown Browser (this will look like a world globe with a lock attached) click to open the Lockdown Browser. Log in using your MyBC3 Portal username and password. Navigate to the course and your test.

FYI: You ONLY need to use the Respondus LockDown Browser when taking a test that has "Requires Respondus Lockdown Browser" in the name of the quiz or test. You DO NOT need to use this browser any other time.
